CIVILIAN EDUCATION: Master of Arts in Management, Webster University
Bachelor of Science Sociology, Wayland Baptist University

My experience, both civilian and military, prepares me for the job required of the Department Quartermaster. I know my experience as a Nominative One Star CSM gives me the skills and experience to move the Texas VFW to the top Nationally. As a Green Beret, I coordinated and executed full-spectrum operations to include nation building. As a Police SGT, I was well versed in the laws including civil and criminal as well as dispute resolution. I believe the quartermaster is there to support the department leadership and to work as a team. I will act in the best interest of the membership, department leadership, and auxiliary to the best of my ability.
