

Voice of Democracy Student Travel Checklist

For use if District winner is selected in top 10 at State judging

In an effort to ensure the best possible treatment of our District VOD winners, young adults of high school age often arriving in Austin are alone and disoriented. We require that District Commander coordinate with the Department of Texas Headquarters regarding student's travel arrangements as the Department is not responsible for travel arrangements to and from hotel. We ask the District Commander to certify this coordination has been accomplished whether or not you are the individual actually making the arrangements. We trust that your leadership and communication skills will help keep everyone properly assessed of developing arrangements.
