

Quality Distribution

# TROOPS TO TANKERS

## We are Hiring Veterans and Members of the National Guard and Reserves!

Are you ready for your next career? Quality Distribution is the company for you. With over 100 terminals nationwide there are plenty of opportunities available.

If you are looking for great pay and benefits with quality home time, bonuses and incentives, then we are for you. We have opportunities for Company Drivers with Local, Regional and Over the Road positions with better hometime & pay.

Attention transitioning and currently serving National Guard and Reserve Motor Operators! Under the Military CDL Act of 2012, you can take a signed Skills Test Waiver application to your DMV and take the CDL written test. If you pass the written test, the road test is waived. Most states only allow this up to one year after separation. We will use a copy of the signed form with your DD 214 to consider your military driving experience. Don't use your GI Bill to get a CDL if you already have the experience.

Want some extra cash? You can earn \$1,500 each time you refer a qualified driver through QD's Driver Referral Program!

**Thank you for your service,  
and join our team today!!**
