

VETERANS OF FOREIGN WARS OF THE UNITED STATES

DEPARTMENT OF TEXAS VFW CHAIRPERSON REPORT

Please provide a report for your appointed chair position in the fields below.

NAME: Greg Brannan

APPOINTED CHAIR: Mentorship/Training

REPORT:

The first half of the 2022 season was a busy one. The training team revamped the OTS curriculum and delivered a new training format that was attended by over 400 comrades. Since the OTS training, the training team has provided their input and guidance on 3 Post admin teams, conducted 11 training events with local posts, 1 training event for a District Commander and answered several calls and emails to the training team for guidance, mentorship and sometimes a venting board by other commanders, quartermasters and comrades throughout the state of Texas.

During our mid-winter event this week, we will provide training sessions for the C of A, and 4 hours of hot topics other items of interest to the Posts to prepare them for the Annual State Convention in June.

Going forward, the training team is ready to assist all Districts and Posts on their training needs as we wrap up the year and head into district and state conventions and will begin preparations for the 2023-2024 OTS in July.

If you should have a training request, please email txtrng@texasvfw.org

Commander, this concludes my report pending any questions.
